Bill Wohnoutka, Vice President of Business Development for the Content Markets Group, Level 3

Biography

Bill Wohnoutka is currently Vice President of Business Development for the Content Markets group at Level 3. In this role he is responsible for identifying new market segment opportunities and prioritizing initiatives required to serve those opportunities effectively. Bill has held roles in sales, business development and product management at Level 3 since joining the company in April of 1998, with a focus on the Internet transit, Colocation and VoIP businesses.

Prior to Level 3, Bill directed the development of all products at LogicTier, a managed services business focused on assisting media companies in architecting and operating high-volume web sites. Bill also held product management positions with GlobalCenter, an early leader in Colocation, Internet Transit and Managed Services for Internet-centric businesses, and began his career with NetManage, the developer and distributor of the first commercially successful Internet applications for Windows.
