TV Worldwide—Sponsorship gives you footage of your presentation, your booth, interviews, you name it, with a choice of participation levels for all budgets. You will also be a sponsor of the conference re-broadcast on their Internet TV channel. TVW currently gets 55,000 to 65,000 visits per month. Because TV Worldwide covers the Emmy and Global Media Awards, they will get between 5,000 to 10,000 visitors during the CES week, and another 15,000 to 20,000 to the archives over the next year.
