BIOGRAPHY

Doug Dumitru is CTO of EasyCo LLC

He is the primary author of Flash SuperCharger which is a software package that optimized Flash storage for random write performance.

EasyCo also works with Flash SuperCharger licensees to deliver medium to large SSD storage arrays for both single-server and SAN applications. Early installed systems actually pre-date SSDs and were based on arrays of CF cards. Later system use commodity SSDs and range from 100GB to several TB.

With access to live systems all over the world, EasyCo has extensive access to real-world system performance including long term performance and wear monitoring.
