AN ENTERTAINMENT STORAGE ALLIANCE™ EVENT

Mario Milicevic, Ph.D. Candidate, Dept. of Electrical & Computer Engineering, University of Toronto

BIOGRAPHY

Mario Milicevic is a Ph.D. Candidate in the Dept. of Electrical & Computer Engineering at the University of Toronto, where his research focuses on the integrated circuit design of Low-Density Parity-Check (LDPC) error correction decoders for wireless, optical, and quantum security systems. Mario is the Chair of the 2015 IEEE Young Professionals - Global Strategy & Operations Committee, and in his spare time enjoys skiing, sailing, and karate.
