

STORAGE VISIONS® 2015

January 4 & 5, 2015 at The Riviera, Las Vegas, NV

AN ENTERTAINMENT STORAGE ALLIANCE™ EVENT

Rakesh Cheerla, Senior Director of Product Definition, Smart Modular

TITLE

NV Memory: The Evolution of NV Memory

ABSTRACT

Presents the evolution of the NV Memory sub-system -past/present and extrapolate this to the future. Will focus on the key applications, and their requirements, and will argue for the need to get incremental progress in the software stack as the best approach to foster adoption of emerging technologies. The time allotted: 10-12minutes

BIOGRAPHY

Rakesh Cheerla is a Senior Director of Product Definition at SMART Modular Technologies. His job responsibilities include roadmaps, product definition and strategic partnerships for specialized memory solutions. Prior to SMART Modular, Rakesh held a Product Marketing role in LSI Corporation. Rakesh has a system architecture and ASIC Design background in servers, storage and networking domains. He has 20 years of industry experience working in companies such as Sun Microsystems, 3Par, Sanera Systems and Extreme Networks. Rakesh has a MS in Electrical Engineering from Arizona State University, and an MBA from Columbia Business School.
