

Jim Jachetta, CEO, VidOvation Corporation

BIOGRAPHY

Jim Jachetta, CEO of VidOvation Corporation, has over 20 years of experience providing video and data communications systems to government, broadcast television, fortune 500 and medical clients globally. Former Senior Vice President and Principal at MultiDyne Video and Fiber Optic Systems, Mr. Jachetta has a Master of Science Degree in Electrical Engineering from NYU Polytechnic University. Earlier in his career as a Project Engineer at Micra Corporation, Jachetta designed hybrid micro-electronics for military and aerospace video guidance systems. In addition, Jim Jachetta has authored multiple articles and white papers including a chapter on Fiber Optic Transmission Systems in National Association of Broadcasters Engineering Handbook. Jim rounds out his design and implementation expertise as a co-author on two patents on video fiber optic communications.
