

**Jon Tanguy, Sr. Technical Marketing Engineer, Micron Technology**

**TITLE**

**SEDs and the Drive Trust Alliance: An Industry Perspective**

**ABSTRACT**

Micron is a charter member of the Drive Trust Alliance. We'll discuss our participation in the DTA, and why we think it's important to foster wide acceptance and usage of storage-level encryption.

**BIOGRAPHY**

Jon Tanguy is Sr. Technical Marketing Engineer with Micron Technology in Boise, Idaho. Jon has worked more than 20 years in the data storage industry, with years of experience in both magnetic and solid state media, in Manufacturing Engineering and Quality/Reliability; from Applications Engineering to Marketing. Jon is responsible for much of the Micron SSD group's public-facing technical documentation and on-line presence. He speaks frequently on data storage security issues for individuals and the enterprise, and remains active in the SSD product development cycle. Jon has a Bachelor of Science degree in Electrical Engineering from the University of Colorado at Boulder.
