What Industry Leaders are Saying...

"The Conference paid for itself 5 times over!" —David Kreft, NSA

"Storage Visions is a valuable source of information on current status and future trends in magnetic and optical storage, and on applications that harness (and will harness) storage capabilities. I make it a point to attend each year while I'm in Las Vegas for CES."

—Brian Dipert, Senior Technical Editor: Mass Storage, Multimedia, PC's and Peripherals, Electronic Design News (EDN)

"We are a startup company in stealth mode that received a jump start from the Storage Visions Conference in 2004. There were several presenters addressing various storage markets, one of which caught our eye and our full attention. Subsequent to the Storage Vision Conference, we built a company around this primary market and recently landed an OEM agreement with one of the leading server vendors. Thank you Storage Visions for the opportunities you create each year." —Name Withheld by Request
