

STORAGE VISIONS® 2018

October 22-23, 2018 at the Hyatt Regency, Santa Clara, CA

AN ENTERTAINMENT STORAGE ALLIANCE™ EVENT

Farid Yavari, Senior Director, Jabil Inc.

BIOGRAPHY

Farid Yavari is the Senior Director of technical sales at Jabil. Prior to Jabil, Farid has been a senior member of the ebay and PayPal infrastructure teams, responsible for designing and implementing scale out storage and server installations. Farid's decades of experience includes architecting hyperscale storage solutions and deploying enterprise class data center infrastructure at scale. Over the years, Farid has been actively sharing his views and experience with his peers by participating in University events and industry forums. Farid and his team's involvement and contributions to the storage community has earned eBay a number of industry awards, and has established eBay as a technology leader and an industry influencer.
